

Anna Knezova Schönbrunova In Her 'kingdom'

This photo shows my wife, Anna Knezova Schönbrunova in her kingdom, the kitchen of our apartment in Bratislava. It was taken in 2006. My wife is an incredibly good cook, and also bakes excellent pastries. They're even famed the world over. This is because we've got many friends, both at home and abroad. When they come to visit, no one wants to miss out on my wife's cakes and pastries. When you ask her how it's possible that her cakes are so good, she answers: ?Because I make them with pleasure and from the heart.?
