

Agnesa Urbanova On A ROH Trip

This is a photo from an ROH trip to Prague, where I was together with my mother, Aurelia Sandorova, in October 1955.

It was after the war, when only my mother was still alive, so I used to spend my summer vacation mainly with my girlfriends. We used to go to the movies, and when we were older, to dances as well. Now and then my mother and I would go on ROH recreational trips. We used to go on hikes together, and on sightseeing tours, when they were available.
