

Back Of The Photograph Of Josef Seweryn With His Mother Dora Seweryn And His Nursemaid

This is the other side of the photograph of me with my mother, Dora Seweryn (nee Kraus) and my Polish nursemaid. I don't remember the name of the nursemaid. It says that the studio was an artistic one and was awarded with some special Parisian prizes. The name of the studio that was

located in Podgorze was Secesya. The photo was taken in Cracow in 1917.
